

4. What is the rough timeline for this person to move out (e.g. NOW, 1-2 years, 3-5 years, when I cannot provide support)?

5. What ideas do you have about living arrangements that would work best for this person (e.g. apartment with “come-in supports”, apartment with “live-in support”, duplex, own their own home, live alone, etc)?

6. If this is an important goal, what support do you need in the next year (e.g. help making a plan, building independent living skills, seeing how others live, etc.)?

7. Would there be a detrimental impact on this person if they lived in a group home or other congregate setting? Yes _____ No _____

Group home/congregate setting means: 4 or more people with disabilities living together in the same residence

- if yes, what would that detrimental impact be?
