Coming October 20th to Dane County Regional Airport!

Wings for All® is an airport rehearsal program designed specifically for individuals with intellectual and developmental disabilities. Families are given the opportunity to practice entering the airport, going through TSA security, waiting in the gate area, and boarding the plane (that does not take off). This event is free of charge to families and registration is required to attend. Wings for All® is a national program of The Arc of the US.

See back for more details.

There is no cost for participation in this Wings for All® event. However, there is a limitation on the total number of participants that can be accommodated in this first-ever Wings event at the Dane County Regional airport. There will be a priority sign-up period for families who are members of The Arc-Dane County, The Arc-Green County, or The Arc-Richland County. The sign-ups will be handled online through the national office of The Arc and will start soon after Labor Day. **Watch The Messenger (twice a month email newsletter of The Arc-Dane County) for future notices about this event, the sign-up process, and the opening date for sign-ups.** If you do not yet receive The Messenger emails, please visit arcdanecounty.org/newsletter/ or contact The Arc-Dane County at 608-833-1199

We anticipate that the Dane County participant slots are very likely to fill with The Arc chapter member families during the initial sign-up period. If you are not already a member of The Arc-Dane County and you want to participate, we highly recommend that you join The Arc-Dane County before the priority sign-up period begins. **However, please be aware that membership does not guarantee your participation.**   Sign-ups will be handled in the order that the national office of The Arc receives them, up to the maximum limit of participants for this event. You can join The Arc-Dane County for a modest annual membership fee by going to arcdanecounty.org/membership/ or contact The Arc-Dane County at 608-833-1199

We hope that this will end up being the first of more future Wings for All events at the Dane County airport. Holding an event like this takes a major resource commitment from an airline, an airport, TSA officers, and volunteers from the airport, airline and TSA. We are tremendously grateful to Delta Air Lines, the Dane County Regional Airport, the Transportation Security Administration, and The Arcs of Dane, Green and Richland Counties in conjunction with the national office of The Arc and The Arc of Wisconsin for making this first Wings event possible.
